

TAP A NEW ENERGY CLASS

VULCANO

Islands

With the Vulcano plug-in island, Pastorfrigor range is implemented with another valid element that with simplicity, minimum space required and large exhibition area, allows a complete view of the products. The module consists of two display decks which are divided by a transparent intermediate separator, which leaves field of view on both sides. Available with built-in unit R290: 1250mm , 1875 mm and headcase
