

TAP A NEW ENERGY CLASS

LEM H150

Multidecks

The semi vertical LEM H 150 is part of the LEM family and is a flexible display, mainly created for Grab&Go, used on different type of stores and for various uses: displaying drinks, snacks, sandwiches, packaged fruit and cured meats. It is with built in unit R290 and produced in lengths 625, 937, 1250, 1875 and 2500 mm. The LEM h150 can also be produced in the remote with valve version for connection to a central unit, working with the most common refrigerants and also in Co2.
