GROUP

ISEO TN

Multidecks

We proudly introduce the new ISEO TN (medium temperature) and ISEO BT (low temperature) plug-in multidecks, featuring a refined aesthetic evolution inspired by our Genova OV model — the first refrigerated cabinet in the world to achieve Energy Class A certification. The new ISEO range introduces redesigned doors that extend up to the top of the cabinet, following clean and contemporary design lines while integrating optimized closing systems. This ensures improved thermal performance, enhanced energy efficiency, and a sleek visual impact. ISEO TN and ISEO BT are the ideal solution for the latest Top Concept Stores in the market, combining advanced technology, sustainability, and premium design in a single product family.
